Professional Profile

Advanced Software Engineering student focused on Backend development. Knowledgeable in data automation and full-stack architectures. Currently exploring Specs-Driven Development to apply software engineering fundamentals to agent-based development, creating robust and scalable solutions.

Education

National University of the South **2016 – Present**
Information Systems Engineering (94.12 %) *Bahía Blanca, Buenos Aires, Argentina*

Experience

Backend Developer - Data Warehousing **August 2025 – December 2025**
RocketBeet *Bahía Blanca, Buenos Aires, Argentina*

- Built a Data Warehouse on Cloud Run and Docker with Python, automating usage metric ingestion and eliminating manual reporting workflows.

Fullstack Developer - Supervised Professional Practice **May 2025 – August 2025**
Plataforma Sustentabilidad Integral *Bahía Blanca, Buenos Aires, Argentina*

- Modularized the interactive React Native map, decoupling UI logic to optimize rendering performance and scalability.
- Engineered the end-to-end QR code bike check-in/checkout system with Expo, SQL, and APIs, streamlining user station access.
- Completed the full-stack delivery of the booking and passenger-driver communication module.
- Defined and integrated terms of service for ride-sharing, establishing regulatory compliance for product launch.

Teacher - Digital Literacy **2023**
UPAMI UNS *Bahía Blanca, Buenos Aires, Argentina*

- Trained senior citizens in smartphone usage, enhancing digital autonomy.

Projects

National University of the South Choir Website | *PHP, Wordpress (coro.uns.edu.ar)* **2026**

- Designed and deployed the institutional choir web portal, modernizing its digital identity.

Certifications

Introduction to Quantum Software Development **August 2024**
III Latin American School of Informatics (ELI) *Bahía Blanca, Buenos Aires*

Introduction to Docker **March 2024**
School of Update in Information Technologies (EATI) *Bahía Blanca, Buenos Aires*

Access to Relevant Information in the Era of Massive Data **October 2023**
XXIX Argentine Congress of Computer Science (CACiC) 2023 *Luján, Buenos Aires*

Leadership and Activities

Second Secretary and Assembly Member **2021 – 2023**
University Assembly, National University of the South *Bahía Blanca, Buenos Aires*

Alternate Departmental Councilor **2022**
Departmental Council of the Department of Computer Science and Engineering *Bahía Blanca, Buenos Aires*

Volunteer - PC Repair and Maintenance **2021**
General Secretariat of Culture and University Extension *Bahía Blanca, Buenos Aires*

- Performed hardware and software maintenance tasks, successfully refurbishing computers for donation to community institutions.

Technical Skills

Technologies/Frameworks:
Linux, Git/GitHub, Docker, Android Studio, Vue, Laravel, React Native, Expo
Languages:
Python, Java, JavaScript, PHP, SQL

Languages

Spanish | *Native*
Italian | *A2 - Dante Alighieri Association* **2023**
English | *B2 - Cambridge English* **2015**
